

As part of the next stage of our growth, we are seeking a COMPOSITE TECHNICIAN to join our team. The successful candidate will be responsible for lamination assembly and detail on a variety of aircraft components and fabrication. The starting wage for this position is \$14.00 - \$16.00, health benefits included.

Specific responsibilities of this position will include:

- \* Cloth, fiberglass, carbon fiber, and foam cutting
- \* Vacuum bagging, hand lamination, and infusion lay-up
- \* Preparation of molds for primer, trim, and paint experience a must
- \* Other duties associated with the Composite shop as identified by the production manager

To succeed in this challenging role you will need the following:

- \* 3-5 years of experience or composite certification desired
- \* Ability to read blueprints and follow manufacturing plans
- \* Ability to work closely with others - must be a team player
- \* Ability to use various tools; pneumatic grinders, paint sprayers, and basic hand tools
- \* Excellent attention to detail
- \* Attitude and energy for growth
