

INDEX OF SPORTSMAN ADVISORY PUBLICATIONS

The purpose of this index is to provide an up-to-date listing of all **service bulletins** and **service letters** related to the Sportsman. A list of current **advance notices of revision (ANORs)** to the *Assembly Manual* is also included, as well as a backup index of published **revisions**. See “SECTION I: INTRODUCTION” in your *Assembly Manual* for a complete description of the various advisory publications covered in this index.

We recommend keeping this index and all Sportsman advisory publications together in a three-ring binder for easy reference.

SERVICE BULLETINS

The following index lists all Sportsman service bulletins issued to date. Not all service bulletins apply to all Sportsman kits; note the specified applicability of each one. **Entries for mandatory service bulletins are indicated in boldface.** Entries marked with an asterisk (*) have been incorporated into the *Assembly Manual* and are thus obsolete.

Number	Subject	Date	Applicability
